

AKINWALE AKINOLA

Frontend Web Developer | Ogun, Nigeria | Open to Remote Opportunities Worldwide

Portfolio: devbyakin.vercel.app

PROFESSIONAL SUMMARY

Frontend Web Developer with practical experience building responsive and user-friendly web applications using HTML, CSS, JavaScript, and modern frontend tools. Strong understanding of mobile-first development, clean UI implementation, and responsive design principles. Experienced in working independently, learning quickly, and delivering projects in self-directed environments. Comfortable collaborating remotely, using Git/GitHub for workflow management, and leveraging AI-assisted tools to improve productivity while personally handling frontend structure, user experience, responsiveness, and implementation.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design

Frameworks & Libraries: React.js, Next.js (basic/intermediate)

Styling: Tailwind CSS, CSS Grid, Flexbox

Tools: Git, GitHub, Vercel, VS Code, Chrome DevTools

Other: API Integration, Website Optimization, UI/UX Implementation, AI-assisted Development Workflow

REMOTE WORK STRENGTHS

- Comfortable working independently and meeting deadlines remotely
- Strong written communication and documentation skills
- Fast learner with strong adaptability to new tools and workflows
- Experience deploying and managing projects online using Vercel
- Focused on clean, maintainable frontend code and responsive experiences

PROFESSIONAL EXPERIENCE

Frontend Web Developer (Freelance / Personal Projects) | 2025 – Present

- Developed responsive websites and web interfaces using HTML, CSS, and JavaScript
- Built frontend layouts optimized for desktop, tablet, and mobile devices
- Converted UI concepts into functional and visually appealing interfaces
- Improved frontend responsiveness, accessibility, and user experience across projects
- Deployed projects online and managed version control using GitHub and Vercel

PROJECTS

Personal Portfolio Website

devbyakin.vercel.app

- Designed and developed a modern portfolio website showcasing frontend projects and technical skills
- Implemented responsive layouts and optimized user experience across devices
- Focused on clean structure, accessibility, and performance optimization

Frontend Practice & UI Projects

- Built multiple frontend projects to strengthen JavaScript, responsive design, and UI development skills
- Worked on interactive layouts, reusable components, and dynamic frontend behaviors

EDUCATION

B.Sc. Public Health (2nd Class Upper)

Babcock University, Nigeria

Software Engineering Training (Frontend Focus)

Ogun State Skill Fund (OGSF) – SQL Tutoring | March – May 2025

- Training in software engineering fundamentals and frontend web development
- Hands-on practical projects involving HTML, CSS, JavaScript, and version control

CAREER OBJECTIVE

Seeking remote Junior Frontend Developer opportunities where I can contribute to building responsive, scalable, and user-friendly web applications while growing within a collaborative international development environment.
